

SAVES Program

March 2018— First Edition

MIAMI DADE COUNTY PUBLIC SCHOOLS

A Student's Determination

Naika St. Jean was born and raised in Haiti. Ms. St. Jean moved to the United States in February of 2016. Soon after, she went to North Miami Adult Education Center, where she registered for English classes. Even though it was very hard for her, she was determined to learn English so she could register for a vocational/technical course. She finished ESOL 5 and started preparing to enroll in the Health Care Core class.

Ms. St. Jean enrolled in the Health program in November of 2016. This was a dream come true for her because she wanted to be a part of the Health Care industry, ever since she was a little girl. She loves helping people to feel better. She is extremely grateful to her teachers for supporting her endeavors, as well as the staff of the SAVES Program at North Miami Adult Education Center for all the help and support with tuitions and books.

Ms. St. Jean is truly happy with her accomplishments. A proud daughter of a single mother, she wants her mother to be proud of her too. She says that her family has inspired her to work harder

each day to complete her classes and get her certificate.

The SAVES Program wishes Ms. St. Jean the very best in her future endeavors.
