Gedthson Frantz Louis came to the United States in 2019. He earned a Bachelor's Degree in Accounting Science from the UNIKE University. In Haiti, he worked as an accountant and then like a procurement specialist. Unfortunately, he had to leave his country of Haiti because he was in fear of his life due to death threats.

Upon his arrival, he enrolled at North Miami Adult to improve his English. The SAVES program paid for his tuition and books and for that he is forever grateful. He plans to attend Lindsey Hopkins Technical College to earn an Associate's Degree in the Healthcare field.

He studies hard now to perfect his English to continue his studies and create a better life for himself and his mother. Gedthson recently received his work permit and plans to get a part time job while continuing his education. This is his main focus and thanks the SAVES program for helping him achieve his goals.
