

SAVES Program

September 2021— First Edition

MIAMI DADE COUNTY PUBLIC SCHOOLS

Design your way to Success

Rodolfo Beyra graduated from Camaguey University in Camaguey, Cuba where he worked as a Pastor and video editor. In 2019, Rodolfo came to the United States to pursue new career opportunities in Digital Design.

While looking for the right school, a friend referred him to the SAVES program to help pay for his tuition. And through SAVES, he found the English Center where he enrolled in the Digital Design program. Rodolfo is very grateful for the SAVES program for enabling him to study and accomplish his goals of continuing his career in video production and digital design.

Now the student Rodolfo is working as a video editor, applying into practice all the knowledge learned in school. He still has the full support of the SAVES program and his amazing teacher. Rodolfo thanks his teacher and especially the SAVES program for being the much-needed relief and guide for immigrants in the U.S. He is proud to be a SAVES student at The English Center.
